OFFICIAL

JULY HEATH EDUCATION AND WELLNESS PROGRAM—VISUAL ACUTY AND GLAUCOMA SCREENING: Most of us take our eyesight for granted. Our vision is a marvelous and irreplaceable gift. The key to preserving your sight is good eye care and prevention of disease and injury. Glaucoma is the leading cause of blindness in the United States. When diagnosed early, blindness from glaucoma is almost always preventable. Those who are at increased risk for glaucoma are: 1) people over 40 years of age; 2) those with a family history of glaucoma; and 3) those who have sustained an eye injury. GLAUCOMA SCREENING AND VISUAL ACUTY testing (near and distance vision) for all employees will be available on a walk-in basis (no appointment necessary) on the following dates:

OHF (Industrial Area)

11 a.m. - 1 p.m., Tuesday July 28

11 a.m. - 1 p.m., Thursday, July 30

CAS (Cape Area Clinic)

11 a.m. - 1 p.m., Tuesday, July 28

LAC (LC-39 Area) MFF

11 a.m. - 3 p.m., Tuesday, July 28

11 a.m. - 3 p.m., Thursday, July 30

For those employees who do not want their eyes tested, an information packet on eyes and vision will also be available at all medical facilities in July. (JJ-C)

KSC OFFICE CLEAN-UP: The KSC Office Clean-Up is scheduled for the HMF Area, Payload Test Area (Area 5), Wednesday, July 29 through Friday, July 31. Please complete your office clean-up within this timeframe, disposing of all waste and excess property as instructed in the Office Clean-Up Web Pages within the Installation Operations Homepage. If you have questions, please call Sue Dickinson, Max Farley, or Sharon Beverly at 867-8295, or consult your property custodian. (FF-V)

THE EMERGENCY OPERATIONS CENTER (EOC): The Kennedy Space Center EOC is activated for all Launches occurring on Kennedy Space Center and Cape Canaveral Air Station. Additionally, the EOC is manned during hurricanes that threaten KSC. Status hurricane conditions affecting KSC can be obtained by calling 861-7900. (FF-S1-A)

NASA IMAGE EXCHANGE (NIX): KSC Archives has now included historical photographs depicting KSC launch operations, facility construction, and payload activities in the NIX web site. Accessed at <http://nix.larc.nasa.gov>, NIX lets you browse KSC's and other NASA Centers' images covering the past few decades. Type in a space-related keyword—it could be a space-flight mission, a specific astronaut or Center Director, a planet, a manmade satellite, whatever—and get a list, sometimes hundreds of items long, with related thumbnail photos. Click on the thumbnail photos to get full-size JPEG images for viewing or downloading. (FF-S2-A)

NASA/KSC TECHNICAL DOCUMENTATION (TECH DOC) SYSTEM: A new search manager has been developed that will replace the current product on PDMS and TDNASA. This search manager will retrieve results from TDNASA, PDMS, and TDARCHIVE at one point of entry. This enhancement will simplify search and retrieval and eliminate the need to remember or bookmark all the individual sites. **Tech Doc users:** If you are a release/review manager or put documents into the system, a new Document Library (GUI) will be deployed August 3. Demos of the new Document Library and Search Manager will be held in the O&C, Room 2138, July 28-31 at 10 a.m. and 1 p.m. Question and answer sessions will follow the 30-minute demos. All sessions are open to everyone and will begin promptly at their stated times. For more information, call Carolyn Paquette at 867-8010. (BF-A1)

NATIONAL LAB TOUR TECHNOLOGY PRESENTATION: A review of current computer technologies for engineering and scientific professionals will be presented on August 4, 1998, in KSC HQ, Room 3225, at 10 a.m. and 1 p.m. Technologies from National Instruments, Tenon Intersystems, Conix, Connectix, and Apple Computer will be presented. For more information, call Paul Mogan at 867-9167. (MM-G2)

PROPERTY AWARENESS WEEK: Property Awareness Week will be held the week of August 10-14, 1998. The purpose this year is to make all KSC personnel more receptive to property management issues and concerns, and to offer visibility to property custodian functions and user responsibilities. Since KSC controls and maintains approximately 120,500 line items of personal property valued in excess of 9.3 billion dollars, property losses have become an important concern to all employees at KSC. (LO-N1-P)

EMPLOYEE ASSISTANCE PROGRAM: All employees are reminded the Employee Assistance Program offers free, confidential counseling to all Kennedy Space Center and Cape Canaveral Air Station employees. Appointments are necessary to ensure adequate time. This program is available Monday through Friday, 7:30 a.m. to 4:00 p.m. Appointments may be made by calling 867-7398. (JJ-C)

KSC TECHNOLOGY TRANSFER: The Second Annual Technology Transfer Week will be July 27-31. Activities include lobby displays in HQ, July 24-27; SSPF, July 28 and 29; and the OSB, July 30 and 31, and a recognition breakfast for Space Act Award recipients will be held in the SSPF cafeteria, July 30. The Technology Program and Commercialization Office staff will be on hand to answer questions. For more information, call Leslie at 867-6229. (MM-E)

YEAR-END PROCESSING OF PROCUREMENT DOCUMENTS: To assure contractual action prior to September 3, 1998, GG and OP have established June 30, 1998, as the cut-off date for MRs/PRs over \$100,000 and July 30, 1998, as the cut-off date for MRs/PRs less than \$100,000. (OP)

KSC LIBRARY: The following specification/standard is available in HQ, Room 1124, Library-D, or by calling 867-3613:
JSC-SL-T-0012 Revision B (Change 4), 6/30/98 "Preparation of space shuttle nondestructive inspection manuals" (FF-S2-A)

RETIREMENT: Individuals contemplating retirement should contact Sharon Lowry, Retirement Counselor, Personnel Office Benefits Team, 867-2514, for an appointment at least 30 days prior to their projected retirement date. (HM-A-3)

REQUESTS FOR NONSTANDARD FILING SUPPLIES: Requests for "hanging" file folders (such as Pendaflex, or equal) will not be approved for general use at KSC. These nonstandard folders and their supporting frames are expensive and consume approximately one-third more file space than the standard filing supplies approved by General Services Administration (GSA). The purchase of nonstandard items is prohibited unless justification for exception, e.g., when standard items will not meet the storage and retrieval requirements of the user, is submitted and approved. (FF-S2-A)

VOLUNTARY LEAVE TRANSFER PROGRAM: The leave transfer program is one of the most popular benefits. To qualify for this program, an employee must establish the existence of a medical emergency (for self or family members) which is expected to result in a requirement for at least 3 days of leave without pay, after the use of existing annual and/or sick leave (earned, not advanced). Leave transfer requests must include documentation from a physician on the medical condition and an estimate of the employee's projected length of absence. If an employee wishes his/her participation in the program announced in the KSC Bulletin, or within his/her organization, he/she may include such a statement in the letter of request. Affected employees would normally initiate requests for a declaration of a medical emergency through supervisory channels; however, if they are unable to do so, their supervisor, family members, or co-workers may initiate the request. Employees wishing to donate leave may do so, subject to certain restrictions. Only earned annual (or restored) leave may be donated, and total donations of leave may not exceed one half of that which would be earned in the remainder of the current leave year. Employees wishing to donate leave are strongly encouraged to donate at least 8 hours at a time, since the effort involved in processing leave transfers is significant. Leave donor forms are available in the HM-A-3 Office and in most Administrative Offices. Donations of leave should be sent directly to HM-A-3, Room 1416, Headquarters Building. Requests for leave transfer are treated as confidential, unless the employee states otherwise. The names of donors are anonymous and will not be released except as needed to process the donation. If you have questions about the program, you may call Kathy McIntosh at 867-2504 or stop by the Personnel Office Operations Branch, HQ, Room 1404. (HM-A-3)

EMERY-RIDDLE AERONAUTICAL UNIVERSITY: The ERAU Orlando and Patrick AFB Center are currently accepting applications for the next two cycles of the Master of Science in Technical Management degree program. The purpose of the degree is to give aspiring, entry, or mid-level technical program managers the necessary management skills and knowledge to succeed in an aerospace/aviation environment. The degree is offered in the cluster format and is completed within 2 years. Classes meet for 13 weeks on alternating weekends. A laptop computer is provided with the program. The two clusters are tentatively scheduled for a fall start date. In addition to the MSTM, ERAU offers a Master of Aeronautical Science with specializations in Human Factors, Safety, Management, Operations and Aeronautics, Master of Business Administration in Aviation, B.S. in Professional Aeronautics and a B.S. in Management of Technical Operations. For more information, call the ERAU office at Patrick AFB, 783-5020, or Orlando, 407-872-0504.

FLORIDA INSTITUTE OF TECHNOLOGY: Applications for Florida Tech's Fall 1998 term are being accepted at the NASA Education and Training Center, corner of 2nd Street and B Avenue (Industrial Area). Registration begins August 3, with classes beginning August 31. Florida Tech offers a variety of master's degree programs at KSC, e.g., Master of Science in: Computer Information systems, Space Systems, Management, Acquisition and Contract Management. For a catalog or schedule, please call 453-2030 or 784-2045.

WEBSTER UNIVERSITY: Webster University registration is underway for Fall 1. Webster University makes higher education accessible to the working adult by offering evening and weekend programs at 70 locations worldwide. The Space Coast Campus in Merritt Island offers MA and MBA degrees in Business (MA only), Computer Resources and Information Management Counseling (MA only), Human Resources Development, Management and Security Management. In addition, the MBA, MA in counseling, MBA/MA in Computer Resources and Information Management, and MS in Computer Science are offered Saturdays at the Palm Bay Campus. For more information about the Fall 1 Term that starts August 15, please call 449-4500.

SPACE COAST NETWORK OF EXECUTIVE WOMEN: A monthly dinner meeting will be held every third Wednesday. Open to all women. For more information, call Robin Folsom, 632-8908.
